Some students expand their knowledge through participation in music festivals, music training camps, and college programs.

## MONTHLY SUBSCRIPTION

We offer a special subscription—one set fee at a reduced rate—for individuals and families who attend on a weekly basis.

The monthly subscription includes:

- live performance and ensemble opportunities
- group practices (when applicable)
- advice on instrument repair and purchases
- help with recordings

No additional fee is charged for "long months," i.e., five weeks on your regularly scheduled day instead of four.

## RESCHEDULING

We understand how difficult it is to juggle busy schedules and we want to help you keep room in your life for music. Our goal is to keep your attendance as regular and consistent as possible. Most students reschedule missed lessons within the same week. Hour-long lessons are a make-up option for intermediate and advanced students.

## WALK-INS

For those not on the subscription plan, Tom offers a walk-in pick-up rate for lessons and consultations.
